

Seminar

## **Reliability of networks, devices and software in the European digital single markets**

March 27th 2014 at 12:30-16:00,  
Ministry of Transport and Communications, Finland  
(Eteläesplanadi 16, Helsinki)

The purpose of discussion is to conceive the significance of the trustworthiness of networks, devices and software to the European digital single markets. The goal of discussion is to consider EU-level measures to remove barriers from developing trust. Another goal is to improve Finnish industry's and Academia's possibilities to benefit from ENISA's outcomes in the building of more reliable internet economy.

We kindly ask you to confirm your participation in the seminar at the very latest on Monday 24<sup>th</sup> March by email to [tiina.husso@lvm.fi](mailto:tiina.husso@lvm.fi) (+358295 34 2038).
