Dear Sirs,

Re: Change to licence for Animal Planet HD

We refer to the licence for distribution of the channel currently known as "*Animal Planet HD*" in the muxes HD1 and HD2 licensed to DNA Oy, effective 1 July 2010 to 31 December 2016 (the "**Licence**").

Further to our discussions with DNA Oy, we wish to replace the channel currently known as "*Animal Planet HD*" with the standard definition version of the channel, currently known as "*Animal Planet SD*" on DNA's DTT networks for the remainder of the term of the Licence.

As such, we hereby request that the Licence be amended so that Animal Planet HD is replaced with Animal Planet SD, to be effective 1 October 2013.

We should be grateful if you would confirm at your earliest convenience whether the requested amendment to the Licence can be made. In the meantime, if you have any queries with regards to this request, please contact Agatha Yerbury (agatha_yerbury@discovery.com or +44 208 811 4095).

Yours faithfully,

Discovery Communications Europe Limited
